A Glimpse of
NEP 2020: From Policy to Practice

NEP 2020 sets forth a transformative vision for India's education system, emphasizing inclusivity, flexibility and global readiness. This infographic series presents essential strategies from our published book “NEP 2020: From Policy to Practice”, contributed by leading experts. It highlights actionable insights across critical areas offering a structured pathway for effective implementation of National Education Policy in Higher Educational Institutions.

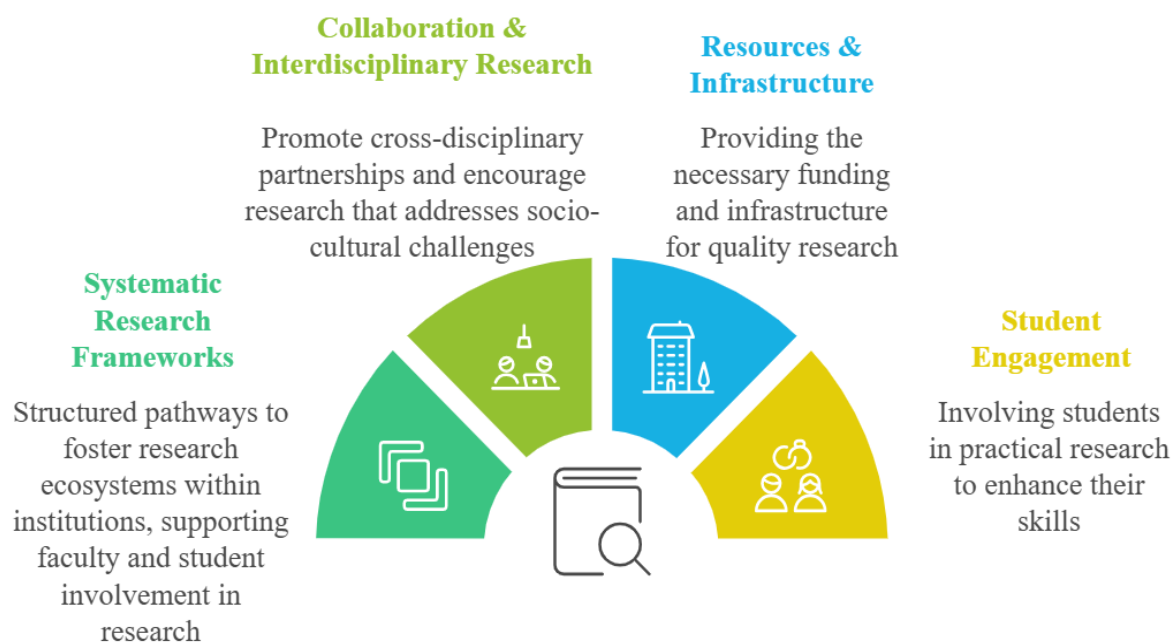

Learner-Centred Teaching Approach

Strategies for Enhanced Digital Education

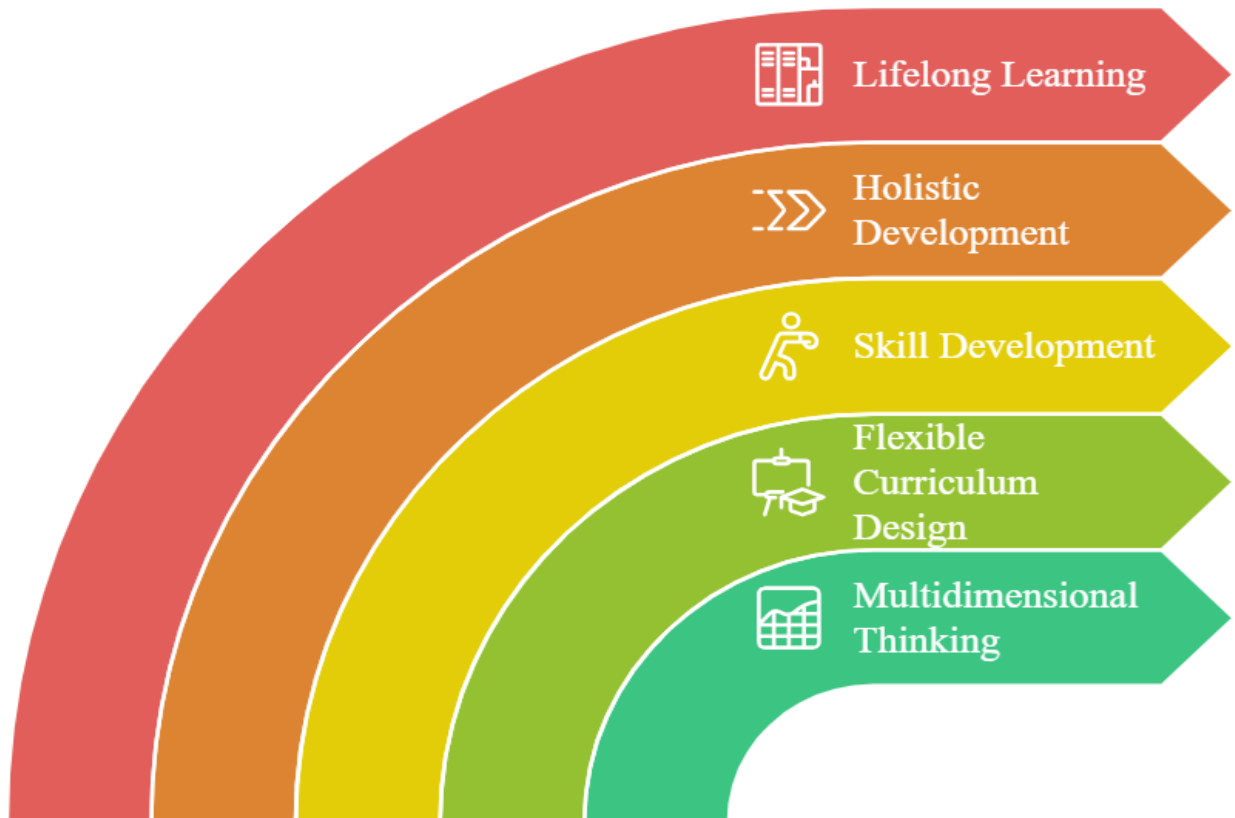

Building Research Ecosystem in HEIs

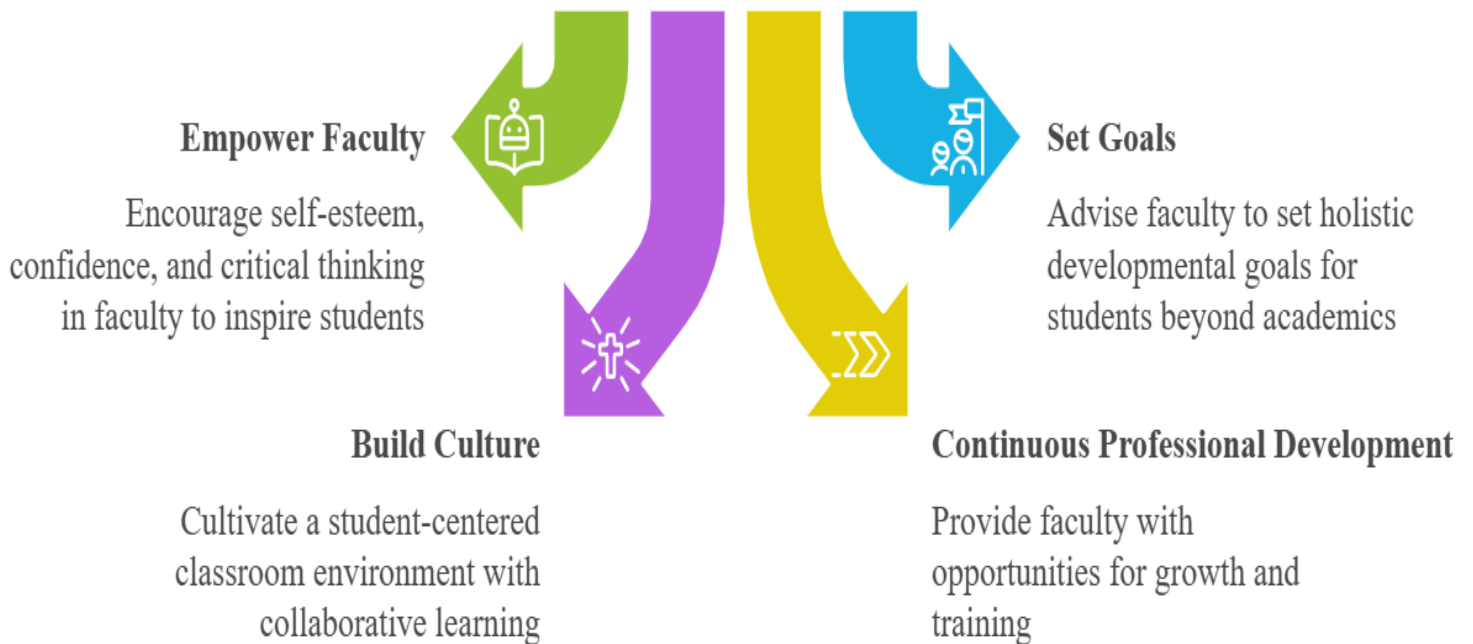

The contributors to this publication include policymakers, academicians, and education practitioners, each offering insights on different facets of NEP 2020. Their collective expertise aims to equip institutions with practical strategies for achieving NEP's objectives, fostering an educational environment that supports holistic and flexible learning.
